

# Awaiting the Moment of Truth That Will Change the World Forever

By: Shira Notes, aka Rachel Shira Donsky

## PART 1

There exists a dark force that has lurked *masked* and unabated, and is responsible for the horrific attacks against the human family in the United States of America and the world at large, spanning the last six decades if not longer. This dark force which has its roots in secret societies including the Yale University Skull and Bones Society and dangerous negatively-oriented extraterrestrial beings known as the Draco Reptilians, is about to be exposed and subjugated on a public level. Their crimes include but are not limited to the 9/11 attacks, school shootings, past presidential and other celebrity murders, civilian bombings, societal scale poisoning and widespread viral disease, (including HIV and the more recent COVID-19 pandemic). Known widely as the Cabal, The New World Order and The Illuminati, this secret Shadow Government became a known threat during the Eisenhower Administration.<sup>1</sup> In the eye-opening and horrifically shocking documentary, *Above Majestic*, Jordan Sather explains that this Global Elite making up the top 1% of our world population has acquired an enormous amount of monetary wealth, power and advanced technologies over many centuries.<sup>2</sup> Not only have lies upon lies been fed to the innocent citizens of Planet Earth by these vicious monsters and swallowed without question on a grand scale, but further more, many brave heroes who have attempted to speak up about their hidden agenda including the secrecy of E.T.'s and advanced technologies, have been silenced permanently through assassinations. *In fact*, there is ample evidence that President John F. Kennedy himself was a victim of this *real* terrorist group, and that his attempt at disclosing their secrets led to his assassination by none other than the CIA.

It is time to recognize that there is no "one target," despite the deep feelings of persecution many of us in the diverse human family have been facing for centuries. It is not solely about anti-Semitism, anti-Muslim/Islamic, anti-LGBTQ, or anti-African American, as no one race or group of people is being marginalized. Rather it is our very human lives, our liberty, security and pursuit of happiness that is being continually threatened by this surfacing enemy. We must not remain the gullible victims of a corrupt, sadistic and failing shadow government any longer; it is time now for full and complete transparency and disclosure of the criminal acts that have slandered our right as

an ascending human race to live on a healthy, clean, peaceful and thriving planet, with full access to the advanced technologies which have purposely been kept secret from deserving citizens for the past 70 plus years.

### **Just How Deep is the Swamp, Mr President?**

So what exactly are these evil hidden forces and how far back do they operate in our history? In an article which scratches the surface of this question: "What is the Cabal and How Dark Forces Control the Masses- The World Ruling Secret Societies," published by GAIA, we are told more about these secret societies and their origins. The Freemasons is considered the world's largest secret society, dating back to the stonemasons of the Middle Ages. Surprisingly, our founding father George Washington was said to be a member. Another secret society, the Illuminati, was started by German law professor Adam Weishaupt in the late 1700's. This group is said to have joined forces with the Freemasons. The Illuminati is said to be entirely focused on Global Domination and relies on advanced technological means and propaganda to enact population control and invoke widespread fear and panic.<sup>3</sup>

It is highly possible that for centuries now these secret societies have been operating in a sly way to ensure their survival and stronghold of power in all realms of society. According to CIA whistleblower Kevin Shipp, the CIA is the powerhouse of the shadow government and controls 16 other intelligence agencies. In, "Killing the Deep State: The Fight to Save President Trump," by Jerome R. Corsi, Ph.D, Shipp describes their power as follows: "controls defense and intelligence contractors, can manipulate the president and presidential decisions, has the power to start wars, torture, initiate coups, and commit false flag attacks."<sup>4</sup> Corsi further illuminates the origin of the term, "Deep State:"

The concept of 'deep politics' entered the national dialogue in a serious manner when the American public realized that there were dark forces at work behind shocking events. In 1976, the Church Committee concluded that the Warren Commission covered up the role organized crime had played working with the CIA to assassinate President John Fitzgerald Kennedy. Ever

since Watergate, the American public have come to expect that what we observe in the 'overt politics' reported by the mainstream media has nothing to do with the 'deep politics,' in which hidden forces predominate.<sup>5</sup>

Furthermore, in the documentary, *Above Majestic*, we are told that the Warren Commission was made up of 33rd degree Free Masons. It was actually this group that created the term, "conspiracy theorists," in order to place false judgment on those souls brave enough to question the truth behind assassinations and mass homicides, including President Kennedy's murder and the 9/11 attacks. Let us look a little deeper into the events leading up to the devastating murder of John F. Kennedy. Was the shadow government so desperate to keep the truth a secret that they would go to any length to protect it?

### **Stand for Truth and off With Your Head!**

The CIA's abuse of power began during the Eisenhower Administration when President Eisenhower was informed about secret extraterrestrial research taking place near Area 51. As is discussed briefly in, *Above Majestic*, and Michael E. Salla, Ph.D.'s book, "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," (as well as his other publications), John F. Kennedy's assassination was a direct consequence of his attempt to reveal the truth behind both extraterrestrial contact and the development of advanced electro-gravitic/anti-gravity space technologies and weaponry programs. Before leaving office, Eisenhower discussed at length with JFK the threat evident in the growing and unchecked power of the CIA and Majestic 12, (MJ-12) groups. According to Michael E. Salla, Ph.D., Kennedy audaciously followed up on Eisenhower's attempt at gaining what was unfortunately already "lost control" over the CIA and Majestic 12 operations. Area 51, a large patch of land in a remote area of Nevada that was originally owned by the Department of Energy, included the S-4 facility which Eisenhower later threatened to invade. In 1955, Eisenhower transferred ownership of this land to the CIA, a decision which Salla explains had irreversible consequences:

The decision to give control over security for Area 51 facilities to the CIA, rather than any of the military services, had quickly turned into a tragic mistake by Eisenhower. This, together with the reorganization of government recommended by Nelson Rockefeller, gave the MJ-12 Group the institutional means to create its own secret space program outside of Presidential and U.S. military control.<sup>6</sup>

In an article published by Dr Michael Salla on May 3rd, 2013, a former CIA Agent's testimony before congress reveals the story behind the top secret UFO and extraterrestrial research being conducted by the MJ-12 group in 1958 at Area 51's S-4 facility. This former CIA agent's first hand experience confirmed the UFO research that was going on at the time, as well as Eisenhower's attempt to retrieve this information from the CIA. Eisenhower called this former CIA agent in the oval office and demanded that he retrieve information about the alien research from MJ-12; if they refused to comply the President would authorize a military invasion of Area 51 and S-4:

After traveling to Area 51 and S-4, the CIA agent said that he saw several garage type doors with flying saucers in them. He described seeing a Gray alien at the S-4 facility that his boss 'partially interviewed'. Upon returning to the White House, the agent and his boss relayed what they had seen at S-4. Significantly, the FBI Director, J. Edgar Hoover, was also present during the debriefing of the CIA agent and his boss over what they had witnessed at S-4 and Area-51. According to the CIA agent, Eisenhower was shocked.<sup>7</sup>

In Eisenhower's farewell speech in 1961, he alluded to the possible threat of what he called a "technological elite," which we can now conclude is equivalent to the Cabal/Illuminati/Deep State. It is then appropriate to assume that he was referring more directly to MJ-12 and the Military Industrial Complex's evolving stronghold over advanced E.T. technologies. The subject matter spoken of in this speech bares stark relevance to the corona virus and surrounding events occurring in the modern day global arena. Eisenhower

underlines the basic responsibilities of a free government to strive towards peace, liberty, pride and success on a global scale. He then alludes to a dark force that seems to be continuously and slyly thwarting any efforts towards achieving that peace:

"Throughout America's adventure in free government, our basic purposes have been to keep the peace; to foster progress in human achievement, and to enhance liberty, dignity and integrity among people and among nations. To strive for less would be unworthy of a free and religious people...Progress toward these noble goals is persistently threatened by the conflict now engulfing the world. It commands our whole attention, absorbs our very beings. We face a hostile ideology-global in scope, atheistic in character, ruthless in purpose, and insidious in method. Unhappily the danger it poses promises to be of indefinite duration."<sup>8</sup>

While JFK was informed of the growing power of the Majestic 12 group on taking office, his knowledge of Nazi German-manufactured advanced space-craft and weaponry preceded his briefings from President Eisenhower. In July of 1945 Navy Secretary James Forrestal requested Kennedy's accompaniment to allied-occupied Germany to select which captured Nazi technologies would be studied by the United States Military. Later in 1961, Kennedy sent a Top Secret memo to then CIA director Allen Dulles, requesting access to MJ-12 operations. In response, Allen denied Kennedy access and proceeded to create an assassination directive against any U.S. official that threatened MJ-12 operations. Continuing in Eisenhower's footsteps and inevitably caught in his shadow, Kennedy's courageous final attempt to regain authority over the military's secret Nazi German and extraterrestrial technology research ultimately cost him his life.

In Kennedy's address before the American Newspaper Publishers Association on April 27th, 1961, he spoke once again of this dark force that attacks stealthily in broad daylight, reiterating very closely the same warnings alluded to by President Eisenhower previously that year:

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies on covert means for expanding its sphere of influence-- on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations. It's preparations are concealed, not published. It's mistakes are buried not headlined. It's dissenters are silenced, not praised. No expenditure is questioned, no rumor is printed, no secret is revealed. Without debate, without criticism, no Administration and no country can succeed-- and no Republic can survive."<sup>9</sup>

Seeing as how both President Eisenhower and President Kennedy spoke of the same mysterious enemy, there can be no question that we were warned about the rising power of a rogue shadow government almost 60 years ago. In Kennedy's other famous speeches he underscored how much he disdained secret societies. If in fact these ancient secret societies grew in power and guile and were aided by extraterrestrials with a violent agenda, the citizens of this world are certainly owed a full explanation as well as the names of those who have been implicated in the criminal acts that have affected the very solidarity and dignity of the United States of America. The Cabal's ongoing murders, schemes, propaganda and lies which have caused this world immeasurable heartache, suffering, sickness and poverty must end now. Their use of stale and repeated tactics such as the present day COVID-19 pandemic have impeded the growth, empowerment, and healing of America's people and citizens world-wide. In protecting the truth of their classified technologies, secret space programs and the even greater spiritual implications from the known existence of advanced positive and negative extraterrestrial beings, they have set the evolution of mankind back more than a century. Because of those brave heroes who attempted to stand up for truth and reveal the attainments and hidden agendas of these secret societies, the Cabal continued to rid the world of all those who knew the truth through murders and cover-ups, only further incriminating themselves in a ruthless chain of crimes against humanity.

While this truth may read like a Sci-Fi movie, unfortunately it is more real than it has ever felt before as more and more citizens awaken to claim their rightly owed and victoriously achieved freedom. Rest assured that these villains will not walk free and all efforts are being made to capture and shut down this venomous enemy as it tirelessly fights for one last breath. Since the Eisenhower administration, forces of benevolence world-wide have been working to bring divine justice to Planet Earth and usher in a new Golden Age of advancement for all souls-physically, technologically, mentally and spiritually.

## PART 2

### **The Germans Won the Space Race... and the War?**

Advanced anti-gravity and plasma propulsion technologies, which have remained classified for almost an entire century, were first developed and perfected in Germany in the 1920's-1930's by an eccentric group called the Vril Society. Founded by Maria Orsic, the Vril Society was a non-political offshoot of the German Thule Society. The Thule society held a belief in an advanced subterranean civilization known as the Hyperboreans, which they believed to be the racial progenitors of the Aryan's. They believed in a force called, "Vril," which could be mastered and harnessed for both good and evil purposes. Although Orsic kept her metaphysical work separate from the Nazi Party's agenda, she would later have the financial support of Hitler's Secret Societies, namely "The Black Sun." With the help of Scientist Winfried Schumann, an expert on high-voltage electrostatics and plasma physics, Victor Schauburger's theory on implosion, and Nazi SS financing, this first German Secret Space Program achieved great success in a highly secretive manner.

Maria Orsic, a highly gifted psychic with telepathic abilities, was able to communicate with an ancient Human Break Away sub-terranean Earth civilization, which Orsic was made to believe was an E.T. group from the Aldebaran star system. Through a type of channeling known as automatic writing, she received technical information for the construction of advanced antigravity engines that could power spacecraft capable of extraordinary and never before achieved speeds. However, it wasn't just human scientists and the Break Away

civilization that assisted both Maria Orsic's group and Hitler in achieving their goals. According to Secret Space Program whistleblower Corey Goode, extra help was said to come from their vicious extraterrestrial allies, the Draco Reptilians from the Alpha Draconis star system. Author Michael Salla describes the Draco as being primarily interested in controlling human beings as well as other E.T. groups for purposes of world domination. For those who remain skeptics of extraterrestrial life, Professor Herman Oberth, the father of German Rocketry is quoted to have confirmed this fact, "the peoples of other worlds," he stated, had made their advancement possible.<sup>10</sup>

Because the Vril Society was working to manufacture spacecraft pre-World War II, Hitler deemed it necessary to make a preemptive move to protect the technology from potentially being destroyed during the war. To this end, secret bases were set up in Argentina and Antarctica which remained in operation for the extent of the war. While Orsic's original intention with the advanced spacecraft was to travel to the stars, Kammler, one of Hitler's Nazi officials desired to weaponize the ships for use during the war; luckily his efforts in doing so would not be successful. Admiral Byrd and the United States Navy did not make it to the Nazi and Antarctic bases until 1947, when they were met by strong opposition and powerful anti-gravitic crafts. After this defeat, the Nazis continued to achieve their stronghold over allied forces using the threat of their advanced technologies to pressure both presidents Eisenhower and Truman into signing secret treaties. Because of these truths, it can ominously be concluded that the United States in fact, never won the war:

The 'official' defeat of Nazi Germany in May 1945 was in fact a 'tactical victory', and it masked a major strategic defeat for the 'victorious Allies' that was kept from the general public. A significant portion of Nazi Germany's political elite, their most advanced technology and fully operational 'saucer ships' had escaped from Allied occupation forces.<sup>11</sup>

While this might prove difficult to swallow, this alternate historical conclusion might help explain a lot of the dark ideology that has governed tragedies in the United States of America for decades. However, it wasn't just the Nazi's that desired to join forces with the Americans; at the end of World War II in Operation Paper Clip, over

fifteen-hundred top Nazi Scientists were brought into the United States government to assist in NASA's space program. It has been stated by Corey Goode that the Vrill Society landed on the moon as early as 1942 and even established the first bases there. It only goes to follow that the United States did the same some 27 years later using German rocketry. Included in Operation Paper Clip was the retrieval of four Nazi flying saucer craft that were taken to the United States Army Air Force facilities in Dayton Ohio. The later construction of area S-4 would further support their enthusiastic efforts to study and reverse engineer captured Vrill and Nazi flying saucers, along with extraterrestrial craft (such as that from Roswell).

The fact that two astonishingly different storylines were taking place in the 1920's - 1940's in Germany: Orsic's Secret Space Program and Hitler's genocide agenda, leaves one wondering what else was purposely left out of our American History Books. Was the real American victory then the attainment of what would become highly classified and highly advanced spacecraft and weaponry? Perhaps a selfish and greedy desire for power and privilege kept the Americans from possibly resisting the German's help.

### **Lies, Disinformation and Censorship**

When an unidentified flying saucer crashed in Lombardy, Italy in 1933, a top secret organization known as RS/33 was created to study the technology. In order to keep the crash a secret, Mussolini's RS/33 Cabinet used disinformation campaigns and censorship to prevent the public from knowing the truth. According to documents leaked in the late 1990's from Fascist Italy, their tactics included the following, "... censorship of the newspapers, arrest of the eyewitnesses by the O.U.R.A. (The Italian Government's Political Police), elaboration of a series of conventional explanations for the disc (balloons, meteors, weather phenomenon) to be fed to the public via the Breara Astronomical Observatory at Milan..."<sup>12</sup> Clearly the concept of anti-gravity in the 1920's was like the Holy Grail of Science at the time; so holy that it would be kept a secret for the next 100 years at the expense of anyone who bravely attempted to expose the truth.

The use of lies, disinformation, censorship and murder to keep the majority of Earth's population living in the "Dinosaur Age," and make the UFO sightings of perfectly sound individuals seem crazy, quickly caught on from

its start in Europe. According to former FBI agent John DeSouza, after the 1947 Roswell crash, the Cabal and its secret societies issued a global order to make the existence of extraterrestrials and advanced anti-gravitic spacecraft 'top secret knowledge'. In, *Above Majestic*, De Souza emphasized the seriousness of this clandestine attitude as follows, "Anything real that comes up in regards to Alien visitors or UFO's must immediately be covered up at all costs no matter what."<sup>13</sup> This information is further validated by Secret Space Program whistleblower and Scientist Emery Smith in the Gaia original program, "Cosmic Disclosure," where he corroborates that the Roswell crash was in fact covered up with a huge disinformation campaign disguising the spacecraft as none other than a weather balloon. Smith goes on to explain that disinformation campaigns have continually been used to discredit real data regarding E.T.'s and UFO's, and that this is done in a number of different ways using media, television and movies. If the public were to find out about the existence of higher evolved beings, including their technologies, the powers that be would no longer be able to control the evolution of humanity by holding us back from technological advancement involving medical cures, clean transportation, and zero gravity capability. When asked why he puts his life on the line to disclose this incredible truth, Emery answers:

"What drives me is the fact that I was involved with technologies that need to come out and they're suppressing technologies with disinformation saying 'they can't make this technology yet, oh we can't do *this* yet, that's impossible, Smith, what's he talking about, zero energy devices...we're so far away from that.' But we're not, we're so more advanced than this and since I know the truth, I want to expose that truth for these technologies to get out and help clean up the planet, and help cure the world of disease and famine and get clean potable water to the world...I'm not the only scientist that can do this."<sup>14</sup>

Despite the false conspiracy theories which claim that the NASA moon landing was faked, it turns out that a real cover-up was at play: the Apollo 11 moon landing itself was censored on national television. According to Maurice Chatelain, a retired NASA communications engineer, Neil Armstrong saw two UFO's watching the moon

landing and reported it back to NASA. This information was immediately censored out of the broadcast leading to two minutes of silence, which was said to be caused by a glitch in the system.<sup>15</sup> The funny thing about lying is that you either have to keep it up or come clean, yet we still haven't had a national public announcement regarding the existence of extraterrestrials or flying saucers. Is it fear of judgment or negative public reaction that is keeping those in the know in our government from coming forth with this knowledge right now?

We are to this day seeing disinformation campaigns and censorship of truth by news networks and social media sites alike, including you tube, twitter and facebook. Two recent examples this year alone are the false attacks against President Donald Trump by the mainstream media, and the censorship of COVID-19 truth fighters seeking to reveal the unhealthy facts regarding mask use by the general public as well as inflated virus statistics and false claims. At this point in time, there must be no doubt in the minds of men that many truths are being covered up at the expense of hard-working, heroic individuals who wish to set humanity free from injustice and slavery to corrupt and outdated systems. As we move forward collectively in this truth, how easy will it be to heal from the damage of nearly an entire century of lies and distortions that have been ingrained into the human psyche? How will we break free from the current level of control and censorship of our freedom of speech as is guaranteed to us by the United States Constitution? Might we need an amendment for our modern day social media platforms? As we come to accept that evil exists in this world and in the universe at large, we will inevitably seek an explanation for the motives behind these criminal and irreversible deeds that continue to be carried out on a daily basis. Might it be that the root of all evil is in fact money, and that this false sense of security is enough to motivate the Cabal members to lie, cheat and kill at all costs?

### **Knee Deep in Money or Debt?**

"For the love of money is a root of all kinds of evil. Some people, eager for money, have wandered from the faith and pierced themselves with many griefs." [1 Timothy 6:10, New International Version]

As Emery Smith explains in, "Cosmic Disclosure," the hoarding of advanced technologies by elite establishments is due solely to reasons of selfish greed. Therefore one can only conclude that the motives for such a high level of secrecy are so the elite 1%- Deep State/Cabal/Illuminati members, can control the masses and keep us slaves to fossil fuels, pollution, disease and poverty. In Michael Salla's book, "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," Corey Goode reiterates just how deep the Nazi infiltration was after World War II and the pecuniary reasons for keeping anti-gravity, also referred to as "free energy" a classified technology:

...the development and release of free energy would quickly destroy the Oil Trade, and soon thereafter the entire Babylonian Money Magic Slave System that all Elites use to control the masses. The NAZI'S used this to their advantage in some very public sorties over Washington D.C. and highly secret Atomic Warfare Bases to mention a few. Eisenhower finally relented and signed a treaty with them (and a few other groups both ET and Ancient Civilizations pretending to be ET)... After the treaty was signed and the joint Secret Space Programs began in earnest, things quickly got out of hand and the NAZI Break Away Group won the race to infiltrate and take over the other side. They soon controlled every aspect of the U.S. from the Financial System, The Military Industrial Complex, and soon after, all three branches of the government itself. This may be very difficult for some people to believe, however, the more people are waking up to what our own Government has been up to the last 70 years, more people are coming around to realizing what has happened to the US. <sup>16</sup>

As was mentioned in Part 1 of this paper, there is ample support for the statement that the top 1% of the world's population is controlling everything from our wealth to our health. In David Wilcock's free online book, "Financial Tyranny," he writes in length about the corruption of the global financial system and it's modern day roots in the Federal Reserve. In this book, David explains that 1,318 companies own 80% of the world's wealth, and furthermore, multiple members of these companies are part of a stronghold of 147 core corporations world-wide,

of which 75% are big name banks. He goes on to state, "...the Federal Reserve appears to be at the epicenter of a vast 'interlocking directorate' of companies that may earn up to 80 percent of all the world's wealth."<sup>17</sup> In other words, the owners of the major financial institutions and other wealthy corporations world-wide are all conspiring to keep the wealth in their small circle. Because members of the Federal Reserve are also co-owners of these same major financial institutions, they have the ability to print money and lend it to themselves at will. This type of system propagates poverty world-wide, including homelessness and unemployment. Author Michael Salla writes the following regarding the Babylonian Money Magic System mentioned prior:

The 'Babylonian Money Magic System,' as the name implies, dates from ancient bloodline families (Cabal/Illuminati) that have used money and 'dark magic' to manipulate the rest of humanity. Goode has described the 'dark magic' as the ability of these ancient bloodline elites to steer humanity into collectively manifesting oppressive conditions such as war, poverty and disease...<sup>18</sup>

In, *Above Majestic*, Wilcock explains that the Federal Reserve was created in 1913 as a fake "rescue" tactic to respond to what were actually staged financial "crises" in the late 1800's and early 1900's. Before their establishment, the United States Government was in charge of printing it's own money; now it had to depend on a private corporation for any financial need. We see a continual pattern in history of loss of right power, whereby power initially belonging to a sound government is forcibly or slyly stolen by the small elite few who have their own secret agendas and slip outside of the control of the government itself. In 2001, Donald Rumsfeld confessed that 2.3 trillion dollars was missing from the Pentagon's Defense Program; this number grew in size to \$6.5 trillion by 2015. It has been suggested that this American taxpayer money has been used to build secret underground military bases and advanced technology for Secret Space Programs and Solar System wide colonization. Phil Schneider, a UFO and secret government programs lecturer, who was most likely killed by the Cabal in 1996, gave testimony on the existence of deep

underground military bases. At the time of this testimony, he stated that there were 1,477 underground military bases world-wide, each with a cost of 17-19 billion dollars. He went on to state that Area 51 was only 1 of 131 underground military bases in the United States alone.<sup>19</sup> If this isn't stomach wrenching enough, the Federal Reserve used American money to bail-out multi-national institutions at the rate of \$29 trillion dollars between 2007-2010.<sup>20</sup> How is it possible that this corruption has gone on and on without our consent and without those perpetrators being brought to justice?

It has become clear that the Cabal uses a repeat tactic throughout history of creating false alarms and coming to the rescue at the same time; playing the role of both the perpetrator and the hero. This is where the true story of our recent history begins to read like a crime novel, wherein a criminal with a twisted mentality continues to inflict pain and suffering on the world with an as of yet unseen apprehension. Even now, over a century later, we are still trying to tease out just how many events in our world have been *fake* as opposed to real threats. 9/11 is a great example of a war fought with no real threat from "weapons of mass destruction." In fact, we have proof from two insiders that between 1990-1991 benevolent extraterrestrials used advanced spacecraft to power down and melt all nuclear weapons in the United States and U.S.S.R.<sup>21</sup> As a society, we haven't been told yet about the heroic and advanced extraterrestrials who have played a pivotal role in stopping our planet from destroying itself. Once we are ready to openly accept and discuss extraterrestrials it will be a lot easier for these groups to reveal themselves on a large scale.

So what exactly is the dark force that has wreaked havoc on planet Earth for what is thought to be thousands of years? Can we in fact conclude that all evil thus far has been rooted in the desire for power through the control of money and advanced technologies? While this certainly might account for a lot of crimes against humanity, the darker motives most likely go deeper into the complex human or humanoid psyche. For now, we will have to accept this theory. In alignment with Wilcock's conclusion that the Federal Reserve founders were responsible for perpetuating financial tyranny, in "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," Goode further verifies that these financial head honchos were in establishment well before the Wars of the 20th Century, "They already had the Financial/Banking world in various society hands for generations before World War I. These groups were all woven in and working together with other groups that are under the

Illuminati/Cabal Umbrella."<sup>22</sup> In, "Financial Tyranny," Wilcock quotes a revealing statement from Georgetown University professor of History Dr. Carroll Quigley, who studied an entity known as the BIS, or Bank of International Settlements- the global arm of the Federal Reserve. Quigley independently studied the records of the BIS and knew the inner workings of the system. Of the BIS he stated the following:

[T]he powers of financial capitalism had another far-reaching aim, nothing less than to create a world system of financial control in private hands, able to dominate the political system of each country and the economy of the world as a whole. This system was to be controlled in a feudalist fashion by the central banks of the world acting in concert, by secret agreements arrived at in frequent private meetings and conferences. The apex of the system was to be the Bank for International Settlements in Basel, Switzerland, a private bank owned and controlled by the world's central banks — which were themselves private corporations.<sup>23</sup>

In, *Above Majestic*, John DeSouza, former FBI agent states, "The elite powers in control are the central banking dynasties."<sup>24</sup> He further accentuates that this villainous boss authority is *not* a government at all, but that it is in control of all world governments. How could this be possible were it not for the dark power that comes with having a lot of money? Furthermore, as this story unfolds it sounds more and more like the majority of human beings on this planet are in fact innocent and are merely following orders from a higher authority that does not worship God, but rather the Anti-Christ. As more *real* and shockingly disturbing news comes out in the coming months ahead, I personally pray God's Loving Light of protection over all of humanity.

## **To Liberty and Justice for All**

According to David Wilcock in, "Financial Tyranny," a trillion dollar lawsuit was filed by a 122 nation alliance on November 23, 2011 in order to expose and bring justice to centuries of criminal activity in the United States and the world at large. We hear more about this alliance in, *Above Majestic*, and, "The Great Pandemic II," where we are told that there has been an ongoing effort since at least the 1950's during the Eisenhower administration to defeat this dark force. The Alliance is an international group of people fighting for the betterment of humanity and for our freedom and spiritual evolution in time for the collective Ascension of our planet. Wilcock explains that this alliance includes many brave men and women from the United States Military and Intelligence Agencies that have defected from the Deep State. This group might be what is referred to as the, "Earth Alliance," in Salla's book, "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," where we are told of at least two other alliances working to bring justice to Planet Earth: The Secret Space Program Alliance and the Sphere Being Alliance, the latter of which is described as a Type III civilization working at a galactic level.<sup>25</sup> Both groups have contributed heroic efforts to helping our world evolve in a timely manner.

Because of the great divide in the United States of America over current President, Donald Trump, it is now crucially important to have the knowledge of who is on the side of the Light and who is on the side of the dark force as we approach the November election. In, *Above Majestic*, we are told that the Secret Space Program Alliance itself approached Donald Trump to run for President in order to make one last rightful effort in defeating the Cabal. It is solely because Donald Trump was willing to fight for our sovereignty that we are one step closer to freedom in this nation and in this world. Donald supports the release of clean and advanced technologies that have been out of public reach for almost an entire century. While it may be difficult to understand why in fact he is a good guy, one will have to use all of the clues given in this paper to tease out the false slander and fake news that has been used against him by the Deep State since before the 2016 election.

You might now be asking, "How will we know who is good and who is evil?" It turns out that there are 45,000 sealed indictments as of August 2018, which upon being opened will involve the immediate arrest and trial of these individuals.<sup>26</sup> Will many of them be names you are familiar with? Absolutely. Will many of these names

shock and upset you? It is very likely. People who are in power often abuse their power to manipulate and control others and this couldn't be more true of the Cabal. We expect our leaders, scientists and news-reporters to be honest and morally sound; more so we expect them to be perfect when most everyone here has yet to achieve perfection. Many of our supposed leaders have greatly wronged us, and in doing so we have all been fooled. Those criminals who have committed atrocities against the human family will not walk silently. Their heinous deeds will be exposed and dealt with justly. The Cabal members are wicked, and want power for evil purposes to divide the masses against one another. They want to be in control of God; this is not possible. They have abused their power, our planet, and our world citizens. The mass arrests of these criminals and their public disclosure and trials are imminent. In the meantime it is up to us to uphold the values of love and truth and march forward valiantly in the battle for true freedom and equality on planet Earth.

### **PART 3**

With the help of the Nazi and Draco forces, the Vril Society managed to land men on the moon in August of 1942, according to one claim, and travel to the Aldebaran star system with their tachyon-drive Andromeda Devices not too much later. Thus according to factual evidence and testimony in Michael Salla's book, "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," the Nazi's forcibly made their way into positions of power in the United States Government and American society at large, after having already achieved great feats in technological advancement and space travel. Was the United States powerless in the face of this advanced scientific superiority, or did they concede with hopes that they too could advance and colonize outer-space? Either way, we are now faced with many questions, the most pressing being, "How do we accept that very advanced technologies which hold great promise to completely transform our current world paradigm, have been kept secret for almost an entire century; technologies that can save lives, rebuild our infrastructures and take us to the stars?"

## Science-Fiction or Science-Fact?

Have we been totally in the dark regarding E.T. civilizations and anti-gravity or did we have some clues that these advanced beings and technologies were in fact real? Aside from UFO connoisseurs and shows like "Ancient Aliens," how many of us have lived our lives with the knowledge of an extraterrestrial presence here on Earth and beyond? Has advancement been a far off dream for the majority of humankind, while government run secret space programs achieved faster than light speed? Or, were Hollywood Sci-Fi movies perhaps trying to tell us the truth in a deceiving way? Let's examine for a moment the definition of science-fiction.

### Science-Fiction:

*from The American Heritage® Dictionary of the English Language, 5th Edition*

---

- noun. A literary or cinematic genre in which fantasy, typically based on speculative scientific discoveries or developments, environmental changes, space travel, or life on other planets, forms part of the plot or background.

*from the GNU version of the Collaborative International Dictionary of English*

---

- noun. A genre of fiction in which scientific and technological issues feature prominently, especially including scenarios in which speculative but unproven scientific advances are accepted as fact, and usually set at some time in the future, or in some distant region of the universe.<sup>27</sup>

Here, the dictionary, a trusted source for truth, claims that Science-Fiction is Science that has not yet been validated or proven to exist. How then can it be called science? Is the term Science Fiction not an oxymoron? Let's take a look at the definitions of science and fiction separately from the Merriam Webster Dictionary online:

- **Definition of Science:**  
knowledge or a system of knowledge covering general truths or the operation of general laws especially as obtained and tested through scientific method
- **Definition of Fiction:**  
something invented by the imagination or feigned  
specifically : an invented story<sup>28</sup>

As is evident here, the word science refers to knowledge and truth that has been tested and proven to be accurate; therefore how can anyone claim that knowledge and truth are simply imagined? Was the term "Science Fiction," in fact made up in order to fool us as a society? Stating that something is Science-Fiction is comparable to putting a label on a medication that states, "While this medicine has not yet been scientifically proven effective for human consumption, if we use our imaginations it just might work." It is my argument then that science is not and never will be "fiction."

So, now that we cleared that up, let's see a list of the top "SCI-FI" movies of the new millennium:

<https://www.imdb.com/list/ls095533865/>

All of these movies are categorized under "Science Fiction," but why? Is it simply because the makers of these movies are not brave enough to tell us that these technologies and phenomenon's actually exist? One of the movies on this list that I have personally seen is, "The Martian," starring Matt Damon. In this movie, Mars is portrayed as a non-colonized planet where Matt Damon becomes stranded and has to come up with novel ways to farm food to stay alive. Watching this movie I became angry simply because this is not the truth; we have insider testimony that Mars was colonized in the 20th century. So perhaps the Hollywood executives are combining truth in the way of real science and capability for bringing humans to other planets in our solar system and beyond, with non-truth, making it appear that Mars currently has no life on it. In a world of classified information and deceptive fantasy, how on Earth are we to determine the actual reality of our universe?

Can we conclude that NASA's Mars Rovers were just for show and merely existed as a cover for a whole host of other inter-planetary and interstellar activity? In, "Insiders Reveal Secret Space Programs & Extraterrestrial Alliances," Michael Salla discusses insider reports of slave labor on Mars. We are told of a corporate space program know as the Interplanetary Corporate Conglomerate or ICC, which is involved in numerous criminal operations throughout the Solar System, "Corey Goode has disclosed that the Interplanetary Corporate Conglomerate's (ICC) secret bases on the Earth, Moon, Mars and elsewhere, use slave labor-- a key ideological principle adopted from the Nazi SS."<sup>29</sup> We have heard about human trafficking and child labor on Earth, but we now know that the crimes against humanity reach far beyond this planet. Clearly we are being kept in the dark as a society and a human race;

not only are NASA scientists working at an elementary level, but our world as a whole is being held back from graduating to a higher level of knowledge, attainment, exploration and possibility.

Through Hollywood's classification of futuristic type movies involving extraterrestrials and interstellar space travel, as "Sci-Fi," we have been purposely fooled as a society into thinking that futuristic technologies were not yet discovered, mastered or available to us for commercial use. This is simply not true, so don't we deserve an apology and some kind of reward for the unnecessary hardship we have suffered as a human family not having access to these technologies for the last 70 years, while criminals and privileged peoples have kept us slaves to oil, pollution, sickness and naïve science?

Due to the drastic and deadly actions that were taken against those who attempted to reveal the truth about anti-gravity and other-worldly beings, including John F. Kennedy, it is understandable that many have not felt comfortable coming forward with these truths because of the risk it poses to their very lives and securities. Many have been lost along the road to freedom, and still others continue to be abused, imprisoned and killed for being a voice of love, reason and truth. Now that over 70 years have passed since the highly classified study of advanced technologies and alien races began, it is due time to receive, assimilate and accept this previously top-secret knowledge. Thanks to brave whistleblowers like Corey Goode, Stein/Kewper, Bob Lazar, William Thompkins, Pete Peterson and others, we now have access to knowledge that holds the ability to change life as we know it; impacting our healthcare and transportation industries, and our scientific and religious communities alike.

In, *Above Majestic*, we are told at the end of the movie that upon his inauguration, Donald Trump signed orders to declassify anti-aging and free energy technologies and bring them into the commercial realm. This is great news, and would mean the end, once and for all, of slow and costly airline travel and gasoline operated vehicles of any kind, and of course electric bills. Certainly this is cause to celebrate, but if we are really going to bring this reality to fruition we must be able to accept the true history of our planet and demand change and justice on a grassroots and global level.

## **Believing the Truth and Seeing Through the Lies**

How do we swallow the truth when all we have been fed for decades are lies? When one finds out that he/she has been lied to, it usually follows that trust is broken and must somehow be regained. With the knowledge that lies, censorship and propaganda have been used to manipulate our thoughts and feelings on a global level, it is now up to us as responsible citizens to discern truth from non-truth in the things we read, hear and see. In a world of manipulation where lying has become a legal trade, truth telling must now be a heroic act.

Fear invokes fear, and lies will continue to cloud the truth unless we decide to take responsibility for our individual and collective human and divine right to freedom and growth. Moving forward, we must stop to pause and reflect on what is really going on under the surface of worldly events before we blindly swallow what may be erroneous and false information. It is now clear that if one is not astute enough to see beyond the walls of deceit in the vile agenda of the mainstream media, one quickly falls victim to a false narrative.

We have the choice on a daily basis to decide what information we put into our minds; just like making the decision to eat healthy and nutritious meals instead of junk food, we must decide if we want to continually feed ourselves news that makes us sick and bring us into a state of worry, anxiety and fear. We can no longer remain the victims of a sly and criminal mainstream media and expect to successfully take the reigns of our future here on Earth. Importantly, we must not allow ourselves to be wrongly swayed toward negative thinking and feeling when our very success depends fully on our individual and collective mental, emotional and spiritual well-being. Therefore, we can no longer merely sit back and listen to or watch the news, we must investigate everything we hear and read to determine if it is based in truth or lies.

We must not value news reporters and networks that are set on feeding us fear and propaganda. We have the power to say, "No!", to these media outlets and stop listening to nonsense that no longer serves our collective purpose for growth, healing and evolution as God's divine creations. It is up to us on a daily basis to stay on top of our game and to walk with the knowledge and power that God has endowed us with; the power to ascertain the truth in any given situation no matter how clouded it is by lies. For truth is to be measured against the moral compass of the heart and not the unreliable meter of the mind, which is constantly fluctuating in

response to internal and external factors. The heart must remain strong and loyal in the light and love of God, never veering from that which is not in true moral standing.

How do we know for sure who stands on the side of Divine Justice, freedom and equality for all souls? With a pivotal Presidential election coming up in the United States of America, it is obvious that the surface battle is between "Democrats" and "Republicans," however we now know that the true battle is between Light and Dark or Good and Evil. I can say with 100% certainty that extra care is being taken to propagate lies through misinformation and censorship campaigns. We are continuing to see truths in the form of people's user accounts and factual evidence about the harmful effects of mask use by the general public, being censored and deleted from social media networks. Meanwhile there is ample experiential and scientific evidence of the harmful effects of mask use on the respiratory and immune systems, as well as their detriment to the mental, emotional, spiritual and social health of society.

How can we understand the motives of this dark and evil force on Earth? Why does it continue to keep the truth from us at all costs? A truth that penetrates the very fabric of our being and our collective desires to evolve into a healthier, happier, and more prosperous and loving society? This dark force does not want us to evolve in the Love of our One Creator; rather it wants us to remain in darkness, fear, sickness and separation, so much so that social distancing is now the norm in the 21st century. But luckily we have the ammunition to fight back: the love of our One Creator, a love that burns as a fire in the hearts and souls of the American people and the human family at large; a true love standing for freedom, justice, equality, health and happiness. Therefore we must look inward to the Divine Love in our hearts to judge whether our leaders are working for the Light Force or the Dark Force.

### **Paving the Path to Freedom**

The evil Cabal/Deep State/Illuminati and shadow governments which have been at play for what might well be thousands of years, have kept us in a constant battle to achieve true freedom, equality and justice for the human family on Earth. Because of the intolerance to what is God's chosen diversity in Creation, anything causing a

human being to be perceived as different has been great cause for discrimination, abuse and murder. In the United States and across the globe brave men and women have stood up to fight for the equal treatment and universal acceptance of African-Americans, women, refugees, average working class citizens, non-heterosexuals and transgender souls. The only thing capable of uniting us and preparing us for what comes next is God's Divine Love and Truth. Understanding God's Divine Love and aligning with it will be the most important undertaking of the century. God's plan for the Ascension of Planet Earth to the next level of our mental, emotional, physical and spiritual evolution, also known as fourth and fifth dimension or density, will keep us on track in focusing on our individual and collective healing.

Undoubtedly we find ourselves on the brink of a revolution similar in spirit to the American Revolution, but with a far greater purpose of global unity, freedom and healing. It is not just Americans that have been harmed and fooled by corrupt and tyrannical leaders seeking global control and financial power. As a still largely divided human family we will have to search for our common truth in order to heal on a collective level: mentally, emotionally, physically and spiritually. Certainly it will take time and willful effort to shift our thinking and beliefs to align with the philosophy of universal love and acceptance of all beings, while we simultaneously transition into a new "futuristic" yet scientifically authentic world-view, that has been hidden from us for the past century.

There remains a heavy load of work to do to heal the human condition: healing our thoughts, emotions, behaviors and physical illnesses, and ultimately raising the collective soul consciousness here on Earth. There is a reason for every thought, every emotion and every struggle. There is a lot of fear, pain and hardness to break through to get to the love inside. But there is also a burning desire to know the truth of who and what we are, and who and what God is.

It is time now to reach out and to reach inward, to search within our souls and within all available resources for the One Creator who possesses the One True Love, and manifest this One Love on a global scale. We are here to become One Consciousness, like connecting individual wi-fi hubs to One Universal Internet, we are working to connect our local minds to the mind of our One Creator. We are here to tap into the divine, which we all have access to. We are here to harmonize our thoughts and actions to be in alignment with love, unity and truth.

If we do not break down the walls of evil, we will never see what is going on behind them. This is a war: the darkness against the Light and Love of God. We will need to wake up as a society if we plan to move forward collectively; uprooting all lies and falsehoods, we must pave the path of truth on the road to freedom and never veer from this path. Though it is a long road for this country and for the world, we must be steadfast and set our gaze on the world we wish to live in: a world that harbors not hatred nor discrimination, nor death by guns or pills, viruses, cancers or bombs. In the future world there is only love, compassion and understanding. We are capable of limitless creation, and as we live and breath through the spirit of our One Creator we can all achieve the miracle that we came to this Earth to achieve; it only takes *every single person on this planet*, to believe in the Greatest Show on Earth: the birth of a Bold New World.
